Screw Cover Assembly

Catalog No: SW-60
Item No: 1500-14

Features

- Screw cover for 60A receptacles with coated stainless steel tether provides Type 4X / IP67 protection
- Covers extend the life of all electrical outlets by minimizing contamination & corrosion of contacts, reducing operating temperature & arc-tracking; result is a safe, reliable connection
- Innovative universal design fits most outlets; excellent choice for replacement of damaged or missing covers or to convert from one level of protection to another.
